# Grillset

The SEARE GRILLSET is an indispensable enhancement that will allow you to get the most out of your SEARE product. Our company's roots are in the Burgundian region in the south of the Netherlands. Eating together is part of our cultural character, so we understand the art of hospitality. The SEARE series is our way of passing this on. A new standard. As a source of heat and for cooking!

## FEATURES

Want to get even more out of your SEARE outdoor kitchen? Use our SEARE grill set. This grill set allows you to place your flush grill above the SEARE ring. You can then create different cooking temperatures so you can make all your favourite dishes.

The grill set includes a grill lifter, grill raiser and flush grill. The grill lifter is a handle that allows you to easily pick up the flush grill to remove it from the SEARE ring. It also allows you to place the flush grill on the grill raiser. This creates an additional grill at a different height, so you can vary the cooking temperature. The GRILLSET also includes an integrated food bumper to prevent your food from falling into the fire.
